REMARKS

By this amendment, claims 1-30 are now pending in the application. Of these, claims 1-20 have been allowed by the Examiner, Claims 11, 12, 15 and 19 are being amended and claims 21-30 are being added. The amendments to Claims 11, 12, 15 and 19 are fully supported by the Specification, Drawings and Claims as originally filed and no new matter has been added. For example, the addition of the word "of" to claims 11, 12 and 19 is supported by Claim 10, the Specification in the paragraph starting on line 1 of page 15, and the Specification in the paragraph starting on line 12 of page 5. The addition of the word "about" before the number "240" to claim 15 is supported by the Specification in the paragraph starting on line 1 of page 15. Also, the newly added dependent claims 21-30 are supported by Claims 2-10 and add no new matter. Thus, the claims as amended, as well as the newly added claims, are believed to be allowable. Entry of the amendments to the claims and the new claims is respectfully requested.

The Specification is also being amended to align the language of the Specification with the original language of the Claims and to correct a typographical error. For example, the addition of the word "of" to the paragraphs starting on line 18 of page 5 and line 27 of page 5 is supported by Claim 10, the Specification in the paragraph starting on line 1 of page 15, and the Specification in the paragraph starting on line 12 of page 5. The addition of the word "about" before the number "120" to the paragraph starting at line 1 of page 15 is supported by the original language of Claim 15. Also, the addition of a sentence to the paragraph starting on line 32 of page 15 is supported by original Claims 10-12 and 19, as well as the Specification in the paragraph starting on line 1 of page 15. Entry of the amendments to the Specification are respectfully requested.
